

2020

STATE AGENCY GRANTS & LOANS FOR MISSISSIPPI MUNICIPALITIES

A PUBLICATION OF THE
MISSISSIPPI MUNICIPAL LEAGUE'S
CITY HALL CENTER

FOREWORD

The Mississippi Municipal League's City Hall Center is pleased to present the 2020 edition of *State Agency Grants & Loans for Mississippi Municipalities* as a reference guide to be used by municipal officials looking for funding opportunities from Mississippi's state agencies.

In 2008, the League created new emphasis on technical and research services by forming the City Hall Center. Through the Center, the League staff prepares briefing papers, conducts surveys, archives ordinances and responds to requests for information. This publication is the latest resource that has been developed by the League with the goal of providing timely information to municipalities looking for additional revenue sources.

The loans and grants compiled in this document are organized by agency name, and each entry details the program and describes the specific type and dollar amount of funding available, as well as applicable deadlines, requirements, and additional contact information.

As stated in our mission statement, the League makes a continuous effort to provide municipal officials across the state with the resources, support, and training required when it comes to the organization and operation of municipal government in Mississippi.

Sincerely,

Shari T. Veazey
Executive Director
Mississippi Municipal League

THE INFORMATION IN THIS PUBLICATION WAS COMPILED BY:

ROBBIE BROWN
DEPUTY DIRECTOR
MISSISSIPPI MUNICIPAL LEAGUE

Certified Local Government Program:

Program Description

The Certified Local Government Program (CLG) is a federal-state-local partnership that promotes historic preservation at the grassroots level and helps communities deal with preservation needs. CLG communities are eligible for annual matching grants to undertake preservation projects of importance to the community. Grants may be used for such diverse projects as the restoration of historic buildings; historical, architectural, or archaeological site inventory work; preparation of nominations to the National Register of Historic Places; educational programs; and staff support for new historic preservation commissions.

Mississippi Landmark Grant Program:

Program Description

The grant funds from this program may be used to pay the cost of acquisition, preservation, restoration, operation, administration and support of *Mississippi Landmark* properties. The Board of Trustees of MDAH will review the applications and award grant funds to eligible projects when the Mississippi Landmark Grant Program has enough of a balance to award grants. Due to the lack of funding, most grants that are awarded are for emergency repairs only.

To be eligible to participate, a building must be designated a *Mississippi Landmark* under the provisions of the Antiquities Law of Mississippi prior to application.

USDA Rural Development

Community Facilities Loans and Grants:

Program Description

The objective is to improve, develop, or finance essential community facilities for rural communities. Funds can be used to construct, enlarge, or otherwise improve essential community facilities, such as public safety, fire and rescue, broadband and telecommunications, schools, libraries, hospitals, other healthcare facilities, etc. This may include furnishings, fixtures, and other required equipment.

Type of Assistance

Loans and grants

Available Funding

Maximum of 75% of project cost (maximum grant award is typically \$50,000)

Application Deadlines

Year round

Matching/Other Requirements

For municipalities of not more than 50,000 in population. Facilities must primarily serve rural residents. Term is for useful life of the facility or equipment, State statute, or 40 years. Projects involving opioid treatment and prevention may qualify for higher amounts.

USDA Rural Development

Rural Community Development Initiative:

Program Description

The objective is to facilitate housing, community facility, and community and economic development projects. These technical assistance grants are to be used to develop the capacity and ability of awardees to carry out needed projects.

Examples of eligible projects include homeownership education, minority business entrepreneurship, strategic community planning or assistance to access alternative funding sources. A grant awarded to Habitat for Humanity Virginia in 2016 shows how the RCDI program is helping rural communities. The organization used a \$150,000 grant to train Habitat affiliates across Virginia to rehabilitate homes as an alternative to its traditional model of building them from the ground up. Increasing the capacity of Habitat affiliates to rehabilitate dwellings will greatly increase their ability to serve more low-income families in Virginia's rural communities.

Type of Assistance

Grants

Available Funding

\$50,000-\$300,000

ReConnect Program:

Program Description

The ReConnect Program is an innovative new pilot program that offers unique federal financing and funding options in the form of loans, grants, and loan/grant combinations to facilitate broadband deployment in areas of rural America that don't currently have sufficient access to broadband. This pilot program will generate private sector investment to deploy broadband infrastructure to provide high-speed internet e-Connectivity to as many rural premises as possible, including homes, community facilities for healthcare and public safety, schools, libraries, farms, ranches, factories, and other production sites.

Type of Assistance

Loans and Grants

Available Funding

Varies

Application Deadlines

Year round

Matching/Other Requirements

For a geographic area to be eligible to receive Federal funds from this pilot program, it must meet two criteria: 1) it must be rural and 2) most households must currently have insufficient internet service. Service areas shall not be located in a city, town or incorporated area that has a population greater than 20,000 or an urbanized area adjacent to a city or town with a population greater than 50,000.

Community Connect:

Program Description

This program helps fund broadband deployment into rural communities where it is not yet economically viable for private sector providers to deliver service. The construction, acquisition, or leasing of facilities, spectrum, land or buildings used to deploy broadband service for all residential and business customers located within the Proposed Funded Service Area (PFSA), and all participating critical community facilities (such as public schools, fire stations, and public libraries), provided the cost of providing broadband service is free of charge to the critical community facilities for 2 years.

Type of Assistance

Grants

Available Funding

Varies

Application Deadlines

Year round

Matching/Other Requirements

Matching funds of at least 15% from non-federal sources are required

Distance Learning and Telemedicine (DLT):

Program Description

The DLT program helps rural communities use the unique capabilities of telecommunications to connect to each other and to the world, overcoming the effects of remoteness and low population density. For example, this program can link teachers and medical service providers in one area to students and patients in another.

U.S. Dept. of Transportation

Better Utilizing Investments to Leverage Development (BUILD) Transportation Discretionary Grants:

Program Description

BUILD Transportation Grants are for investments in surface transportation infrastructure and are to be awarded on a competitive basis for projects that will have a significant local or regional impact. Eligible projects include, but are not limited to: highway, bridge, or other road projects eligible under title 23, United States Code; public transportation projects eligible under chapter 53 of title 49, United States Code; passenger and freight rail transportation projects; port infrastructure investments (including inland port infrastructure and land ports of entry); and intermodal projects.

Type of Assistance

Grants

Available Funding

In FY 2018 grants could not be less than \$5 million and not greater than \$25 million; for projects located in rural areas, the minimum grant size was \$1 million.

Application Deadlines

Varies; applications must be submitted through www.grants.gov

Matching/Other Requirements

Grants may be used for up to 80% of a project located in an urban area and the U.S. Secretary of Transportation may increase the Federal share of costs above 80% for a project located in a rural area.
